Xlibris, United States, 2017. Hardback. Condition: New. Language: English. Brand new Book. My first point of view is the highlighting of Esther's preparation to become queen of Persia, just what the process entailed. Information pertaining to oil throughout biblical history alone with other ingredient derivatives was used in the preparation process for Esther. What a blessing to discover the benefits of using olive oil; I have never considered the use of oil before. The interest came after reading the book of Esther. Essential oil, such as myrrh, combined with other ingredients has a special effect, and the anointing oil products have spiritual benefits as well. Constantly, we need revelation concerning the wisdom of Yahweh for our lives. We face situations that call for divine wisdom and understanding. The book is a helpful resource concerning things to help our focus in the way women in the kingdom should live, move, and have their being in the Most High these end times. If you ever lost anything, information here will help you to recover whatever you've lost.
